Attachment Two: Detail of post-print modifications or alterations

Please use attachment two to list details of all post-print modifications or alterations, including their location, page number and type. You must provide details of all post-print modifications for your application to be valid.

Note: it is desirable that any publication containing post-print modifications carry a permanent and visible label near the title and on any additional packaging clearly stating “This magazine is modified” or “modified version”.

All post print modifications must be permanent (i.e. if stickers are used, they should not be able to be removed).
